Won't you be my dictionary  
Won't you translate fun  
Into something necessary  
Inter uni sun Won't you be my dictionary  
Can't I be very necessary  
Inter uni fun  
Comes back Satellites they mix you up  
And hypnotize you with the sound  
Reproducing would fuck you up  
And make you forget what you found Won't you be my dictionary  
Can't I be very necessary  
Inter uni fun  
Comes back Inter uni fun  
Comes back Inter uni fun  
Comes back
