

Patches

Jimmy Eat World

Im not worried about my life, its too big
Carpet stains on the ground and I think
Ive found a way out downstairs turn aroundWake me, take me up, upside down
Head down, lay down
No one is ever around when I need them most
Ricochet, right nowIm not worried about my life, its too big
Carpet stains on the ground and I thought
I found a way out downstairs turn aroundWake me, take me up, upside down
Hands down, lay down
No one is ever around when I need them most
Ricochet, ricochet, right now
