

# Just One Day

## Gugge Hedrenius Big Blues Band

If you could change the choices that you've made  
Would you do it today?  
If you could spin the world the other way  
Could you do it on faith? If time stands still What would you do? What would you say?  
If everyone you loved came back for just one day  
How would it feel if every dream came real  
And all the scars you have fade away for just one day? Imagine all the times that you could take back  
What would you have done differently?  
Thoughts in your head that you never said  
A heart that you broke and left for dead  
If all the pain you had could be released  
How life flies by What would do? What would you say?  
If everyone you loved came back for just one day  
How would it feel if every dream came real  
And all the scars you have fade away for just one day? And the night, all the good times and the fights  
All the take and the give  
All the moments that we never got to live, oh What would you do? What would you say?  
If everyone you loved came back for just one day  
How would it feel if every dream came real  
And all the scars you have fade away for just one day? What would you do? What would you say?  
If all the love you lost you had was real for just one day  
For just one day If you could change the choices that you've made  
Would you do it today?
