Face In The Crowd

Nikki Flores

You did this to yourself
boy it ain?t like I hate you but things ain?t quite like they were
I?m learning to love myself
cause leaning on you don?t do any good
if you?re not standing there anymore
I gave you my all
cause that?s all that I could give to you baby
did you even love me at all
let me let you know just what you mean to me now
you?re here tonight I?m looking out
but all i see is just a face in the crowd
such a familiar smile ain?t so familiar now
cause all I see is just a face in the crowd
the lips I used to kiss
the eyes I used to miss
a heart I used to belong to
a love id never doubt
guess it ain?t so special now
cause all I see is just a face in the crowd
I never thought you?d say
that you didn?t wanna see me again
or you?d end it this way
boy you sent me to my grave
the very minute you walked away from
everything we made
I gave you my all
cause that?s all that I could give to you baby
did you even love me at all
let me let you know just what you mean to me now

you?re here tonight I?m looking out
but all I see is just a face in the crowd
such a familiar smile ain?t so familiar now
cause all I see is just a face in the crowd
the lips I used to kiss
the eyes I used to miss
a heart I used to belong to
a love id never doubt
guess it ain?t so special now

cause all I see is just a face in the crowd
how could you walk away from me
when i reached out for you in need
boy my heart was on the line
I didn?t mean to waste your time
was I just another girl
you pretended was your world
well it?s too late to turn around
cause you?re just a face in the crowd
you?re here tonight I?m looking out
but all I see is just a face in the crowd
such a familiar smile ain?t so familiar now
cause all I see is just a face in the crowd
the lips I used to kiss
the eyes I used to miss
a heart I used to belong to
a love I?d never doubt
guess it ain?t so special now
cause all I see is just a face in the crowd
that?s all you are to me...
cause that?s all I'll let you be...
