

As I Am Exploding

Trivium

One, two, three, four Every single day that I have to live with you
Is a struggle I no longer can get through
And every time I cast aside evil
It comes on crawling back anew You will never comprehend how it hurts to be
To be tormented by everything that I see
The violence I foresee permeates everything
â€œI've become bound completely I can't stand this suffering anymore
Why won't it end?
No one hears me, no one sees this war
Raging in me Life can't keep going on this way
I feel I'm lost inside my hate
My thoughts overtake me
They're killing me faster with each passing day Can't imagine what it's like to be all of you
â€œLiving under a shroud of complacency
â€œThe world is worse than you ever could know
â€œThe truth would be the thing that killed youâ€œWhat if I could prevent all of your suffering?
â€œIndiscriminate absolute purging
â€œDo I have what it takes to be shepherd for
Everything that I deplore? I can't stand this suffering anymore
Why won't it end?
No one hears me, no one sees this war
Raging in me Life can't keep going on this way
I feel I'm lost inside my hate (my hate)
My thoughts overtake me
They're killing me faster with each passing day Life can't keep going on this way (this way)
I feel I'm lost inside my hate (my hate)
My thoughts overtake me
They're killing me faster with each passing day Slowly, I'm burning
Inside - imploding
World keeps on turning
...As I'm exploding! Solo: MKH Life can't keep going on this way
I feel I'm lost inside my hate (my hate)
My thoughts overtake me
They're killing me faster with each passing day Life can't keep going on this way (this way)
I feel I'm lost inside my hate (my hate)
My thoughts overtake me
They're killing me faster with each passing day Slowly, I'm burning (slowly, I'm burning)
Inside - imploding (inside imploding)
World keeps on turning (world keeps on turning)

...As I'm exploding! Slowly I'm burning (slowly I'm burning), inside imploding (inside imploding)
The world keeps on turning (world keeps on turning)
...As I'm exploding!
