Wander Alone

Tiger Army

I've done so much wrong, so now I wander
Just trying to get along, there's no peace for me
This tattooed tear, it falls forever from my eyeDeep in my heart, is pain and anguish
Forced down it explodes violence and anger
You get a bitter taste of what it's like to live my lifeSo now I wander alone, without no one...
There's just this pain in my heart
There is no place that I can go...
And so it's come be-
Shards of broken dreams, cutting me apartThinking of before this path was chosen
A time of great promise, that's now been wasted
There is no turning back as regret chokes my soulIn a violent world, hate makes you harder
We all want to be loved, but we don't know how-
How do you make right that which can never be undone?So now I wander alone, without no one...
There's just this pain in my heart
There is no place that I can go...
And so it's come be-
Shards of broken dreams, cutting me apart
