

# Yeah Sapphire

## The Hold Steady

Yeah sapphire, I'm sick and I'm tired and I'm fried  
And you gotta believe me  
Yeah sapphire, if I cross myself when I come  
Would you maybe receive me? Yeah sapphire, you were feisty at first  
But I broke you and I showed you the temporal  
Sacramento, it swung at us first  
But it ended up going down gentle Sapphire, if Cheyenne's too small  
We'll haul it all back to St. Paul  
I was just about to call you  
When you called Yeah sapphire, I know the last time we touched  
I came on a bit rough, please forgive me  
Yeah sapphire, after you left it was a big sketchy mess  
They almost killed me Sapphire, if Cheyenne's too small  
We'll haul it all back to St. Paul  
I was just about to call you  
When you called Sapphire, if St. Paul don't call  
We've always got Aberdeen  
'Cause dreams they seem to cost money  
But money costs some dreams It went just as you predicted  
I swear there must be something in your dreams  
It all went down exactly like your visions  
And I know you said, don't call until I'm clean  
I'm not drunk, I'm cut, I'm gushing blood  
And I need someone to come and pick me up I was a skeptic at first but these miracles work  
I was a skeptic at first but these miracles work  
I was a skeptic at first but these miracles work  
I was a skeptic at first but these miracles work
