

# Got to Rock On

## Kansas

It's no funny hanging around  
Winter seems so numbing  
Getting fat where I sit down  
Do you suppose it's old age coming I get this feeling I'm no good for nothing  
Life has led me wrong  
Once in a while it makes it all worthwhile  
If I can sing this song I got to rock on I can't be this way  
I'm hanging around but wait till music's in season  
That's when I'm high that is how I play  
And I do it the best that's all I need for a reason Can't think straight, can't think at all  
Staring out the window  
Hear the band, I hear them call  
Everything will disappear and I get the feeling I can conquer  
Anything gets in my way  
Well I don't need no doctor 'cause I  
Know exactly what I need today I got to rock on I can't be this way  
I'm hanging around but wait till music's in season  
That's when I'm high that is how I play  
And I do it the best that's all I need for a reason The sun beats down upon me and it looks  
As tough that spring has waited long enough to get here  
She knows that I must sing about her future  
Oh, sing about her past, I love to play my music  
And I try to make it last, sometimes summer comes too fast I got to rock on I can't be this way  
I'm hanging around, wait till music's in season  
That's when I'm high that is how I play  
And I do it the best that's all I got to rock on I can't be this way  
I'm hanging around wait till music's in season  
That's when I'm high that is how I play, hey, yeah I got to rock on I can't be this way  
That's when I'm high that is how I play  
And I do it the best that's all I
