

The Sparrows and the Nightingales (Long Version)

Wolfsheim

How long have you been free
In this world of hate and greed?
Is it black? Or is it white?
Let's find another compromise And our future's standing still
We're dancing in the spotlight
Where is the leader who leads me?
I'm still waiting Leaving home and God is on your side
Dividing sparrows from the nightingales
Watching all the time
Dividing water from the burning fire inside And god is on your side
Dividing cruelty from tenderness
Watching all the time
Dividing fiction from reality Move in circles walk on lines
No human being in sight
Calm the winds
And calm the seas Lets try another kind of peace
Who fights this Holy civil war?
A million men in uniform Wo ist der fÃ¼hrer der mich fÃ¼hrt?
Ich warte immer noch And God is on your side
Dividing presence from the history
Watching all the time
Dividing deaf men from the listening ones Leave a light on in the night for me
That, I can find you
Remember when we both were young
And reckless and so curious Now you're hiding from your child
A new day's dawning
Remember that you felt alive
Sometimes And God is on your side
Dividing soldiers from the fisherman
Watching all the time
Dividing warships from the ferryboats
