

Thunder (acoustic)

Boys Like Girls

Today is a winding road that's taking me
To places that I didn't want to go, whoa
Today in the blink of an eye
I'm holding on to something
And I do not know why I tried I tried to read between the lines
I tried to look in your eyes
I want a simple explanation
For what I'm feeling inside
I gotta find a way out
Maybe there's a way out Your voice was the
Soundtrack of my summer
Do you know you're unlike any other?
You'll always be my thunder I said, your eyes
Are the brightest of all the colors
I don't wanna ever love another
You'll always be my thunder
So bring on the rain
And bring on the thunder Today is a winding road, tell me where to start
And tell me something I don't know, whoa
Today I'm on my own, I can't move a muscle
And I can't pick up the phone, I don't know And now I'm itching for the tall grass
And longing for the breeze
I need to step outside
Just to see if I can breathe
I gotta find a way out
Maybe there's a way out Your voice was the
Soundtrack of my summer
Do you know you're unlike any other?
You'll always be my thunder And I said, your eyes
Are the brightest of all the colors
I don't wanna ever love another
You'll always be my thunder
So bring on the rain Yeah, I'm walking on a tightrope
I'm wrapped up in vines, I think we'll make it out
But you just gotta give me time
Strike me down with lightning
Let me feel you in my veins
I wanna let you know how much I feel your pain Today is a winding road that's taking me
To places that I didn't want to go, whoa Your voice was the

Soundtrack of my summer
Do you know you're unlike any other?
You'll always be my thunderAnd I said, your eyes
Are the brightest of all the colors
I don't wanna ever love another
You'll always be my thunderAnd I said, your voice was the
Soundtrack of my summer
Do you know you're unlike any other?
You'll always be my thunder
So bring on the rain
Oh, baby bring on the pain
And listen to the thunder
