

# Cold Blood

## Kix

Cruisin' downtown  
Shakin' her love  
T and A talkin' to me  
Felt my heart drop  
Wheeled a dead stop  
Girl has got me on my knees  
Baby baby babe don't make me wonder  
    Won't you let me in  
    She said see you later  
    Shot down  
I'll be back againGood love is all you need  
    But you don't want to know  
    Cold blood is all you bleed  
    When it cools off you tease it  
    When it gets hot you freeze it  
Cold blood is all you bleedDresses so tight  
    Moving to the beat  
    Set my feet on fire  
Dream come true I want to give it to you  
    Let the flame get higher  
    Baby baby you're driving me crazy  
    Like a cat in a cage  
    You make me sh-sh-sh-shiver earthquake  
Down town to the blazeGood love is all you need  
    Give me what I know  
    Cold blood is all you bleed  
    When it cools off - you tease it  
    When it gets hot - you freeze it  
Cold blood is all you bleedYou make me so hot  
    I feel my temperature rise  
Don't shoot me down NoWhen it cools off you tease it  
    When it gets hot you freeze it  
Cold blood is all you bleedCold blood is all you bleed  
    Cold blood is all you bleed  
    Cold blood is all you bleed
