

# Johnny

## System of a Down

Hello, my name is Johnny  
Well 'ello, my name is Johnny  
I like to explain myself  
And I like to complain in vain  
Sweet little boy, Johnny  
Sweet little boy, Johnny Let me show you the way to my  
Let me show you the way to my  
Let me help you explain your mind  
Want to help you explain your mind Hello, my name is Roger  
Well 'ello, my name is Roger  
I would like to proclaim myself  
A god, and likely ordain myself Sweet little boy, Roger  
Sweet little boy, Roger Let me show you the way to my  
Let me show you the way to my  
Let me help you explain your mind  
Want to help you explain your mind Let me show you the way to my  
Let me show you the way to my  
Let me help you explain your mind  
Want to help you explain your mind Sweet little boy, Johnny  
Sweet little boy oh no, it's Roger Let me show you the way to my  
Let me show you the way to my  
Let me help you explain your mind  
Want to help you explain your mind Let me show you the way to my  
Let me show you the way to my  
Let me help you explain your mind  
Want to help you explain your mind
