

Methods of Torture

Negativland

And remember ... sound was used for centuries as a method of
torture.

Place someone's head inside of a bell. And ring it.

And eventually ... they'll go insane.

And eventually ... they'll go insane. (sa- sa- sa- sa-....)

They'll go insane. They'll g

o insane.

And eventually ...

(YOU'RE TIRED. YOU'RE BEATEN DOWN. YOU'RE IRRITABLE. YOUR
MENTAL

AND PHYSICAL HEALTH ARE SUFFERING. (Suffer suffer suffer suffer)

IS THERE ANY ESCAPE? (suffer suffer suffer suffer)

IS THERE ANY ESCAPE ... FROM NOISE?)
