Killin' Me

Samesugas

She takes me to the edge
This waiting, so frustrating
She puts me to the test
To break me, she takes me
Round and round
When will I win?
(Alright, here we go again)
Oh, no, here we go
She's killn' me
(Alright, here we go again)
I can't say no
I can't believe she's killin' me
Teasin' me again
Why does she play with me?
(Why does she play with me?)
Like it's just pretend?
She pulls away from me
(She pulls away from me)
Oh, no, killin' me again
Her kiss is just like wine
Intoxicating, just maybe
She'll give me more this time
'Cause I'm cravin' what she's savin'
Round and round
When will I win?
(Alright, here we go again)
Oh, no, here we go
She's killn' me
(Alright, here we go again)
I can't say no
I can't believe she's killin' me
Teasin' me again
Why does she play with me?
(Why does she play with me?)
Like it's just pretend?
She pulls away from me

(She pulls away from me)
Oh, no, killin' me again

Again
She takes me to the edge
This waiting, so frustrating
She puts me to the test
To break me, she takes me
Her kiss is just like wine
Intoxicating, just maybe
She'll give me more this time
'Cause I'm cravin' what she's savin'
Oh, no, here we go
She's killn' me
(Alright, here we go again)
I can't say no
I can't believe she's killin' me
Teasin' me again
Why does she play with me?
(Why does she play with me?)
Like it's just pretend?
She pulls away from me
(She pulls away from me)
Oh, no, killin' me again
Oh, no, here we go
She's killn' me
(Killin' me again)
I can't say no
I can't believe she's killin' me
Teasin' me again
Why does she play with me?
(Why does she play with me?)
Like it's just pretend?
She pulls away from me
(She pulls away from me)
Oh, no, killin' me again
