Down

Glenn Hughes

Yeah
YeahWell, I'm feelin' like you took me in
Wrapped your cursed magic over me, well, I'm holding my day
If you vow to never cross my path
I'll give you back the shame, so you could see I'd rather be deadDeep down inside your dream
The evil that you make
You put my life on trial
It's a chance I have to takeToo late the rhapsody
That plays inside my head
It's dark before the dawn
My eyes are burnin' redI've been down is where you left me
I've been down, I do not belong
Down, won't somebody help me?
Down, I did you no wrongIn your world that's hid by tinted glass
You lie behind the fragments of yourself, oh yeah
In an empty room, you hide behind the smile
That pulls me back time and time againThe pistol's in my hand
I have to let you know
I put you in the ground
Now I have to let you goThe serpent that I ride
Has put a grip on me
My pain is glorified
Why can't you let it be?I've been down is where you left me
I've been down, I do not belong
Down, won't somebody help me?
Down, I did you no wrongDown
Down
Down
DownDown
DownDeep down inside your dream
The evil that you make
You put my life on trial
It's a chance I have to takeToo late the rhapsody
That plays inside my head
It's dark before the dawn
My eyes are burnin' redDown is where you left me
I've been down, I do not belong
Down, won't somebody help me?
Down, I did you no wrongDown is where you left me

Down, I do not belong
Down
I've been down, I've been down
Down
