

# Down

Glenn Hughes

Yeah

Yeah Well, I'm feelin' like you took me in  
Wrapped your cursed magic over me, well, I'm holding my day  
If you vow to never cross my path  
I'll give you back the shame, so you could see I'd rather be dead Deep down inside your dream  
The evil that you make  
You put my life on trial  
It's a chance I have to take Too late the rhapsody  
That plays inside my head  
It's dark before the dawn  
My eyes are burnin' red I've been down is where you left me  
I've been down, I do not belong  
Down, won't somebody help me?  
Down, I did you no wrong In your world that's hid by tinted glass  
You lie behind the fragments of yourself, oh yeah  
In an empty room, you hide behind the smile  
That pulls me back time and time again The pistol's in my hand  
I have to let you know  
I put you in the ground  
Now I have to let you go The serpent that I ride  
Has put a grip on me  
My pain is glorified  
Why can't you let it be? I've been down is where you left me  
I've been down, I do not belong  
Down, won't somebody help me?  
Down, I did you no wrong Down  
Down  
Down  
Down Down  
Down Deep down inside your dream  
The evil that you make  
You put my life on trial  
It's a chance I have to take Too late the rhapsody  
That plays inside my head  
It's dark before the dawn  
My eyes are burnin' red Down is where you left me  
I've been down, I do not belong  
Down, won't somebody help me?  
Down, I did you no wrong Down is where you left me

Down, I do not belong  
Down  
I've been down, I've been down  
Down
