Burning Wheels

Saxon

Driving riding keep the throttle open wide
Pounding hounding feel the beating deep inside
Flag goes up you get down
Beat the lights hear the sound
Turbo charge let it flow
Hold on tight and dont let go
Chorus
Burning wheels of fire
Racing to the fire
Bring the glory down on you
Burning turning screaming down the quarter mile
Racing chasing put the pressure on the dial nitro burn keep it clean
Down the straight like a dream
In your machine speed machine
Chorus
Guitar solo
Grinding winding drop the clutch and let her fly
Speeding leading feel the seconds ticking by
Beat the clock take your turn
Feel the heat start the burn
Hit the gas heart the roar
Kick the pedal to the floor
Chorus repeat
