

# Gone

## Third Day

Please forgive me  
I don't mean to be rude but I gotta keep moving  
I sure wish I could stay but I gotta keep doing  
What I've been called to do

And don't forget me  
Long after I'm gone and I'm just a memory  
I hope you can recall what I was saying  
Was nothing but the truth

Well, I'm gone, it was nice to meet you  
But I'm gone, I'm sure gonna miss you  
But I've got to keep moving on  
I can't stay in one place too long  
Say a prayer for me, I'm gone

I thank you so much  
You've been so kind and I can't say enough  
Of all the places I've been this is one  
That I just don't want to leave

Well, I'm gone, it was nice to meet you  
But I'm gone, I'm sure gonna miss you  
But I've got to keep moving on  
I can't stay in one place too long  
Say a prayer for me

I'm gone like the wind and I'm not sure  
When I'm coming back, will you want more?  
God only knows where I am going  
And just what tomorrow brings

Well, I'm gone, it was nice to meet you  
But I'm gone, I'm sure gonna miss you

But I'm gone, it was nice to meet you  
But I'm gone, I'm sure gonna miss you  
But I've got to keep moving on  
I can't stay in one place too long

Say a prayer for me, I'm gone

Say a prayer for me

I say a prayer for me, I'm gone

Say a prayer for me

I say a prayer for me, I'm gone, yeah
