Prod by Devin Cruise(Intro)
You in trouble
Baby, you in trouble
And you gonna get it
Open up your eyes
Come here, you're gonna get it(Verse)
Baby come in here, lay right there
Gonna touch your body everywhere
You rolling and shaking baby, I like that
Telling me to go harder with your legs in the air(Bridge)
Oh yeah, right now girl it's about you, oh,
You yeah, I'm going down, down baby on you, oh
Imma do it here, Imma do it there
Imma do it like this, Imma do it like that
Baby this is how its gonna go go go
When, when we make love
Imma go fast, Imma go slow
Imma go so hard girl you gon' say 'oooh'
Baby this is how its gonna go go go go
When we make love(Hook)
Baby I know you're ready, ready
Because you're about to get it
Like you in trouble
You're about to get it
Like you in trouble
Girl, I hope you know that, know that
You're about to get it
Like you in trouble
You're about to get it
Like you in trouble(Verse)

If you wanna release baby Ill fight that there
Its gon feel so good you gon pull your own hair(Bridge)

Girl, I hope you know that, know that
You're about to get it
Like you in trouble
You're about to get it
Like you in trouble(Verse)
Uh yea, like the board games
Tellin me stories how all the exes are lame
Well Im quite different,
For practice, I throw you on the mattress
Then we can make a movie and it dont involve actin
Rather see the streak when that boy go deep,
Dick like Tylenol RPM, it puts the hoes to sleep
And where your man slip up
Thats where I pick up
Bitch niggas ignore me just like hiccups
Turn between your legs, eyes rollin back in yo head
We done soaked up all the sheets, fucked up your best bread
Girl you nasty, just so you know
Right back at em again, its bad when oh you know
YMCMB MMG, word!(Hook)
Baby I know you're ready, ready
Because you're about to get it
Like you in trouble
You're about to get it
Like you in trouble
Girl, I hope you know that, know that
You're about to get it
Like you in trouble
You're about to get it
Like you in trouble
