

Little By Little (Lulleaux & George Whyman Remix)

Ulf Nilsson

One look in the mirror I can see the years gone by
Haven't made it yet gonna give you one last try
Harmonies and melodies running through my veins
Letters and phrases and no coffee stains I believe I'm gonna make it, little by little
This time I won't break it, no, little by little
So come on, come on, come on, darling give it to me little by little
Believe me when I say to you, little by little I've spend so many late nights spiking my whiskey with tears
Writing songs I thought nobody would hear
Praying to the stars for a second chance somehow
But here I stand and my time is now
I believe I'm gonna make it, little by little
This time I won't break it, no, little by little
So come on, come on, come on, darling give it to me little by little
Believe me when I say to you, little by little
