

5 Years Time

Noah & The Whale

Oh well, in 5 years time we could be walking around the zoo
with the sun shining down over me and you
And there'll be love in the bodies of the elephants, too
I'll put my hands over you're eyes but you'll peak through

And there'll be
Sun sun sun
All over our bodies and
Sun sun sun
And all down our necks there'll be
Sun sun sun
All over our faces and
Sun sun sun
So what the heck

Cuz I'll be laughing at all your silly little jokes
And we'll be laughing at how we used to smoke
All those stupid little cigarettes and drink stupid wine
Cuz it's what we needed to have a good time

And it was
Fun fun fun
When we were drinking
It was fun fun fun
When we were drunk and
It was fun fun fun
And when we were laughing
It was fun fun fun
Oh it was fun

Oh well I look at you and say, "It's the happiest I've ever been."
And I'll say, "I no longer feel I have to be James Dean."
And she'll say, "Yea, well, I feel all pretty happy too,
And I'm always pretty happy when I'm kicking back with you."

And it'll be
Love, love, love
All throughout our bodies
Love, love, love
All throughout our minds

And it'll be
Love, love, love
All over her face
And love, love, love
All over mine

And I'll remember all these moments but there just my head
I'll be thinking about them as I'm lying in bed
And I know that they might not even come true
But in my mind I'm having a pretty good time with you

5 years time
I might not know you
In 5 years time
We might not speak, oh
In 5 years time
We might not care about
5 years time
You might just prove me wrong.

Oh, there'll be
Love, love, love
Wherever you go
There'll be love, love, love
Wherever you go there'll be
Love, love, love
Wherever you go
There'll be love, love, love.

Wherever you go
There'll be love, love, love
Wherever you go
There'll be love, love, love
Wherever you go
They'll be love, love, love
Wherever you go
There'll be love, love, love
Wherever you go there'll be love.
