

Art Star

Yeah Yeah Yeahs

I've been working on a piece
That speaks of sex and desperation
I've been screwing on the tracks
Of abandoned train stations
One, two, three, four Art star
Art star
Art star
Art star Art star
Art star
Art star
Art star I got a dealer in Tokyo
I got a rep in Paris
I got an agent in Colone
Shit, I got a gallery in New York
It's a mad house, this modern life
It's a mad house, my faithless bride
