

# Sense (feat. Anthony Casey)

## Tenpenny Joke

Come a little later when the streets aren't awake  
I don't mind the other's away  
Come a little primed so we can skip the foreplay  
I don't mind the other Yet it made sense to me, yeah  
Yet it made sense to me, yeah Come a little closer we can watch from inside  
Analyze and criticize  
Try on my shoes, making sure they're your size  
Then you'll see the highlight Yet it made sense to me, yeah  
Yet it made sense to me, yeah Well it serves me right  
Well it serves me right, yeah Yet it made sense to me, yeah  
Yet it made sense to me, yeah  
Yet it made sense to me, yeah  
Yet it made sense to me, can't believe
