

Defective Trip (Trippin')

Gravediggaz

want to see something that could make ya sick?
Stand in front of jets on the Gaza strip
I used to take puffs from a car, jet in my garage
Then I get blitzed from the charge
I felt my head swayin, my eyes in a daze
Felt and violence and off balance I got drugged for days
A room full of smog, I dipped it in my dart
then I throws it at my dog
I need another hit, Hurry, Quick! Hurry, Quick!
My high's takin signs and the shit's about to kick
I'm gaspin' for air, my vision disappears,
I'm blinkin' and I'm thinkin'--Yeah!
Word, cause that's the shit I was hawkin
So stay the fuck away 'cause I spit when I'm talkin
Stupid, Stupid, Stupid, Stupid Punk--
When I'm trippin'

Chorus

Some people like cheeba, some like brew,
I get mad lifted off four gallons of glue,
Pretty soon I spin like a top, In the middle of the room
And the shit won't stop!
Now What I see when I triiiiiippppp.....
The rats in the basement all start to flip,
All through my building, from door to door,
I swear there's a fire, so I piss on the floor,
Now down the corridor was old fat Ned,
Schemin' on a blowjob from a crackhead,
He was like 'hey want to piece little man?'
I was like 'Yo, I'm better off with my haaaannnnndddd!!!!!!'
Oh shit, reality returns,
I need another hit but the glue won't burn,
I'm cuckoo and murderous, Just plain nuts,
smokin' sodium menthol cigarette butts,
and trippin'....

Chorus

(yo, pass it man)
