Nuthin' To Do

Common

Check it on the one, you Com is gonna come

Check it on the one, you Com is gonna come

Check it on the one, you Com is gonna come

And check it out, haMy raps do laps around tracks to the days

The idiot vibin', I'm the comma, comma, Chameleon

I use to pop the willy on my blue and gray sting ray

It had maxed, I was with bitches that had coochieBassum wasn't rollin' Starters, looking harder than niggas

Hoes wore clothes that exposed their figures

Ain't 7 steps in the jam, next the police come

Heist there would be one, numbers I would get at least oneWe come to the get together with whatever

You wouldn't know how deep it was, we all did shit together

Eat up all your vittles, drink your brew and then step to

The next cue, let's do it again, y'allThat was when mad was tall and phat was cold

The days of Old Chicago and Fun Town and shorties we run 'round

Play strike outs till sun down but the shit ain't as fun now

And the city is all run down, we troop down to Jew TownTalking cat down on some gear, have enough for a

Polish in com fair

I stare, at what use to be Bubbles and think about

Who use to cop our liquor

(Who?)

Our neighborhood father figure I'm out with my crew, ain't nuthin' to do but ah

Niggas be rollin'

Ol' dirty bastard from protect ya neck

Ain't nowhere to go, so I hook up with a hoe while I

Niggas be rollin'Gotta make a stop take a leak and get some chops 'cause um

Niggas be rollin'

We gonna hit the streets for some brew and some eats 'cause um

Niggas be rollin'I got more rhymes then the Manor got folks had style

Since I went to McDowell, wearin' boats

And penny loafers know I had the nickel in mines

We use to hoop in my yard but now I dribble the rhymeIt's like rain drops, couldn't make our game stop

Skeeter will hit from the same spot

Torla tore my shit down, get down, put your body in motion

Only the strong survive but on the 6 or the 5Live as hot as sex use to be at the Racket

Wrong club with music by Andre Hatchet

Or either Beat Box Ferris at them country club parties

Would be hot as hell and house stud would get, Find a body! Sawyers, I would go there, hip hop clubs were so

rare

I like the music anyways and it was always hoes there

Was said to have the best chicks but mostly High Park and V hoes
Is who I mess with, the best shit was troopin' to the loopWith your positions held class crooked ass but still go
the division

(I remember that)

Over Yamela's crib while his old girl was at work

Bust a smoothie on the spread but sill have some on your shirtI'm out with my crew, ain't nuthin' to do but ah Niggas be rollin'

Ol' dirty bastard from protect ya neck

Ain't nowhere to go, so I hook up with a hoe while I

Niggas be rollin'Gotta make a stop take a leak and get some chops 'cause um

Niggas be rollin'

We gonna hit the streets for some brew and some eats 'cause um

Niggas be rollin'I tuned into BMX and taped Farly on the tone master

I took the 6 instead of the 28 to get home faster

Then HBK was the only station that would fuck with rap

You was on the shore by yourself castin' stay up your actWhat you could make of it, you was a gump they was takin' shit

Either fight or break for it, we go to the lake and get full

My drink there was Boons and Red Bull

I remember swimming in Avenlon and being in a poolI thought I was cool with my Members only And a bold fade wall to wall greens to get

The sport gray and palmade And soft breasts

As we got older we would star crush and bang fagsGo to Marshals and change tags, I snagged nuff niggas

And games are off the wall, in softball, Piggy one I would call

When I first got my three way callin', I caught Marsh tryin' to lie

Home of the original gangbangers and ain't nobody shotI'm out with my crew, ain't nuthin' to do but ah Niggas be rollin'

Ol' dirty bastard from protect ya neck

Ain't nowhere to go, so I hook up with a hoe while I

Niggas be rollin'Gotta make a stop take a leak and get some chops 'cause um

Niggas be rollin'

We gonna hit the streets for some brew and some eats 'cause um Niggas be rollin'
