Angels Forgive Me

Firewind

I can remember
When I was really blinded
By the lightning
Everything was black
I fell down wounded
Didn't have the strength
To raise my spirit
Couldn't keep my head up highSo much at stake in here
Can't you hide into waterFall into despair
One life, one minute
Everything will change your spirit
No one seems to care
Angels forgive me
There is no return
Oh there is no return
No return
I just surrender
Slowing down my life
It wasn't easy
Tried to raise my voice
But I'm still haunted
By a thousand ghosts
And now I'm drowning
Flashes of the pastSo much at stake in here
Can't you hide into waterFall into despair
One life, one minute
Everything will change your spirit
No one seems to care
Oh angels forgive meForgive me
I close my eyes
-Solos-Fall into despair
One life (one life), one minute
Everything will change your spirit
No one seems to care
Oh angels forgive me
There is no returnFall into despair (fall into despair)
One life (one life), one minute (one minute)
Everything will change your spirit
No one seems to care

Oh angels please forgive me
There is no return
Oh there is no return
Angels forgive me
Forgive me
