

Shoot 'Em Down

Ghostland Observatory

Why girl, why
What do you want from me?
Said, move man, move
Gotta learn, gotta bleed Is that your man right there
Running down the road?
Is that your girl, right there?
Well, shoot 'em down
Just shoot 'em down
Just shoot 'em down
Just shoot 'em down I said, why girl, why
What you want from me?
Said, move man, move
Gotta learn, gotta bleed Is that your man, right there
Running down the road?
Is that your girl, right there?
Well, shoot 'em down
Just shoot 'em down
Just shoot 'em down
Just shoot 'em down Just shoot 'em down
Just shoot 'em down
Just shoot 'em down
Just shoot him Just shoot 'em down
Just shoot 'em down
Just shoot 'em down
Just shoot him Is that your man, right there
Running down the road?
Is that your girl, right there?
Well, shoot 'em down
Just shoot 'em down
Just shoot 'em down
Just shoot 'em down Just shoot 'em down
Just shoot 'em down
Just shoot 'em down
Just shoot him Just shoot 'em down
Just shoot 'em down
Just shoot 'em down
Just shoot him
