Romantic Atheism

Signal the Escape

Take a minute to think this out
Regain our composure and talk this night over
Do you really wanna do this?
The liquor on my lips is pointing to â€œYes,â€• so

Come a little bit closer now
Tonight is our secret, weâ€™ll die just to keep it
This can never leave this room
This can never...

And these four walls, they will whisper witness
And thereâ€™s no one that will ever hear them

Weâ€™ll make it so
That no one knows
Weâ€™re not telling anybody
Weâ€™re not telling anybody

Weâ€™ll make it so
That no one knows
Weâ€™re not telling anybody
Weâ€™re not telling anybody

This is just tonight, and I mean this
A moment of weakness
I tell myself, â€œItâ€™s meaninglessâ€•

And though I know that itâ€™s not right
Sheâ€™ll be playing you tonight
Itâ€™ll be all right, just keep quiet
I canâ€™t believe itâ€™s come to this

Can never leave this room
This can never...

And these four walls, they will whisper witness
And thereâ€™s no one that will ever hear them

Weâ€™ll make it so
That no one knows

Weâ€™re not telling anybody
Weâ€™re not telling anybody

Weâ€™ll make it so
That no one knows
Weâ€™re not telling anybody
Weâ€™re not telling anybody

Letâ€™s connect these lips
Of romantic atheists
Unbridled fingertips
So intricate, so selfish

Weâ€™ll make it so that no one knows
Weâ€™ll make it so that no one knows

Weâ€™ll make it so that no one knows (that we always play it safely)
Weâ€™ll make it so that no one knows (but, tonight, letâ€™s walk on wires)
Weâ€™ll make it so that no one knows (and be the only ones)
Weâ€™ll make it so that no one knows (that will ever know)

Weâ€™ll make it so that no one knows (letâ€™s take a minute to think this out)
Weâ€™ll make it so that no one knows (regain our composure and talk this night over)
Weâ€™ll make it so that no one knows (do you really wanna do this?)
Weâ€™ll make it so that no one knows (do you really wanna do this?)

Weâ€™ll make it so that no one knows (letâ€™s take a minute to think this out)
Weâ€™ll make it so that no one knows (regain our composure and talk this night over)
Weâ€™ll make it so that no one knows (do you really wanna do this?)
Weâ€™ll make it so that no one knows (do you really wanna do this?)
