

Always Never

[Lee Corey Oswald](#)

I'm a bird, you're a plane
you're the one that got away
you're a saint, I'm a sin
im impressed you've been practicingdon't let it get anywhere near your head
I don't got a lot to give youre probably right
can't even say im trying
I'm afraid of what I've come to like
everything and nothingalrightim a bird, you're a plane
you're the one that got away
you're a saint, I'm a sin
im impressed you've been practicing
it's the test, your the best
too bad im just one of the rest
youre all the time I never, forever
