

Rape Me

Nirvana

Rape me, rape me my friend
Rape me, rape me again
I'm not the only one
I'm not the only one
I'm not the only one
I'm not the only oneHate me
Do it and do it again
Waste me
Rape me, my friend
I'm not the only one
I'm not the only one
I'm not the only one
I'm not the only oneMy favorite inside source
I'll kiss your open sores
Appreciate your concern
You're gonna stink and burnRape me, rape me my friend
Rape me, rape me again
I'm not the only one
I'm not the only one
I'm not the only one
I'm not the only oneRape me (rape me)
Rape me (rape me)
Rape me (rape me)
Rape me (rape me)
Rape me (rape me)
Rape me (rape me)
Rape me (rape me)
Rape me (rape me)
Rape me
