

Sexy Lady

Jessie J

[Verse 1]

You're feeling nervous
Having your doubts
Don't be embarrassed if you don't fit in the crowd
Keep standing tall and hold your ground
Show em it's not okay to let em kick you down[Pre 1]

Oh oh oh oh

Don't let em ruin your time

Oh oh oh oh

It's now or never

Oh oh oh oh

Just let em know it's your life

So do it use it flaunt it, own it

Woo, that's right[Chorus 1]

Yeah, you better give it everything you got

Hey, just show em you're a sexy lady

Yeah, you better work it till it's burning hot

Hey, just show em you're a sexy lady

Time is now baby

Look around baby

Just be proud

You're a sexy lady

Rock it out baby

Play it loud baby

Just be proud

All my sexy ladies[Verse 2]

So admit it

It's feeling good

Your hips are rolling

And you love it like you should

Work up a sweat

Enjoy the ride

Good girl go get it

Wear your confidence tonight[Pre 2]

Oh oh oh oh

Don't let em ruin your time

Oh oh oh oh

It's now or never

Oh oh oh oh

Just let em know it's your life
So do it use it flaunt it own it
