

Higgs Boson Blues

Nick Cave & The Bad Seeds

Advisory - the following lyrics contain explicit language:

Cant remember anything at all
Flamed trees lie in the streets
Cant remember anything at all
But 'Im driving my car down to Geneva Ive been sitting in my basement patio
Aye, it was hot
Up above, girls walk past, roses all in bloom
Have you ever heard about the Higgs Boson blues
I'm goin' down to Geneva baby, gonna teach it to you Who cares, who cares what the future brings?
Black road long and I drove and drove
Came upon a crossroad
The night was hot and black
I see Robert Johnson,
With a ten dollar guitar strapped to his back,
Lookin' for a tune Well here comes Lucifer,
With his cannon law,
And a hundred black babies runnin' from his genocidal jaw
He got the real killer groove
Robert Johnson and the devil man
Don't know who's gonna rip off who Driving my car, flame trees on fire
Sitting and singing the Higgs Boson blues,
I'm tired, I'm lookin' for a spot to drop
All the clocks have stopped in Memphis now
And in the rain motel its hot, its hot,
That's why they call it the Hot Spot
I take a room with a view
Hear a man preaching in a language that's completely new, yeah
Making the hot cocks in the flop house bleed
While the cleaning ladies sob into their mops
And the bell ho-hops and bops
A shot rings out to a spiritual groove
Everybody bleeding, to the Higgs Boson blues
And if I die now

Bury me in my favorite yellow paint leather shoes
With a mummified cat, and a [c_____] hat
That the Caliphate forced on the Jews
Can you feel my heartbeat, can you feel my heartbeat
Hannah Montana, does the African savannah, as the
simulated rainy season begins
She curses the cue with the Zulu
And moves onto Amazonia, cries with the dolphins
Mama ate the pygmy, the pygmy ate the monkey,
The monkey has a gift that keeps sending back to you
Look, here comes the missionary, with his smallpox and flu
Hes saving them savages, with his Higgs Boson blues
I'm driving my car down to Geneva
I'm driving my car down to Geneva
Aw, let the damn day break
Rainy days always make me sad
Miley Cyrus floats in a swimming pool in Toluca Lake
And your'e the best girl I ever had
Cant remember anything at all
