Stronger

Aaron David

Let love become the anchor of my heart
The storms are shaping black, I'm steady on the course

When all hope is lost we won't bear this cross on our own

Together we are stronger than one
Weâ€™re moving mountains out of our way

I hold faith within as we walk this foreign land
You give direction like a compass in my hand

When all hope is lost we won't bear this cross on our own

Together we are stronger than one
Weâ€™re moving mountains out of our way
Together we are stronger than one
Weâ€™re moving mountains out of our way

It's your Word that lives forever, and your grace that frees the soul
With Your mercy everlasting, itâ€™s the greatest love of all
(x2)
See Iâ€™ve felt Your touch inside of me, a hand that never lets me go
And Your voice is unmistakable, as I begin to lose control

Together we are stronger than one
Weâ€™re moving mountains out of our way
Together we are stronger than one
Weâ€™re moving mountains out of our way

You and me, together weâ€™ll be stronger
