

Laughing In the Hiding Bush

Bruce Dickinson

Laughing in the hiding bush There's a sinister game that children play
When they get to the end of each school day
They spend their lives getting ready for the kill Laughing in the hiding bush
The joker is back
Laughing in the hiding bush
The joker is back Who remembers the names of fallen heroes?
Who remembers today to fly their flags?
Couldn't say I loved you like I did before Laughing in the hiding bush
The joker is back
Laughing in the hiding bush
It's the laughing attack, the joker is back He's wild in the pack
The joker is back
Laughing in the hiding
Gonna kick him in the bush, yeah Laughing in the hiding bush
The joker is back
Laughing in the hiding bush
The joker is back Laughing in the hiding bush
He's wild in the pack
Joker is back
