Fly At Night (In the Morning We Land)

Chilliwack

Four men in a rock 'n roll band
Fly at night in the morning we land
Fly at night 'til we're satisfied
See the morning from the other sideAnd when you close your eyes
Sleep comes fast
When you fly the universe
Well, you need some rest
Yeah, you need some restOoh, we like the big wide spaces
Yeah, we like a sea of faces
Time is just a rubber band
Time is at our commandAnd when we look out
And see you there
You seem much closer
And you feel so near
Yeah, you feel so nearWell we fly by night, it's like a rocket flight
And baby that's just what it's for
Yeah, we fly by night, it makes you feel alright
It keeps you coming back for moreWell we fly by night, it's like a rocket flight
And baby that's just what it's for
We fly by night, it makes you feel alright
It keeps you coming back for moreFour men in a rock 'n roll band
Fly at night in the morning we land
Fly at night 'til we're satisfied
See the morning from the other side
