Northern Lights

Cider Sky

Every time I close my eyes I can touch the colors around me
Suddenly I realize everything I thought was impossible is here
And my heart sings in a world so incredible
And everything burns much brighter
Chorus:
I (I) want to fly (fly) into this beautiful life I think it'd be nice with you
I want to fly (fly) into this beautiful life I think it'd be nice with you, with you, with you, with you
Fingertips, northern lights, tracing colors right through the sky
Underneath a lullaby I never felt as blissful as I do here
And my heart sings in a world so incredible
And everything shines much brighter

Chorus:
I (I) want to fly (fly) into this beautiful life I think it'd be nice with you
I want to fly (fly) into this beautiful life I think it'd be nice with you, with you, with you, with you
Set the night on fire if we want to
Hanging out with the stars and the big moon
I'm very well thank you how do you do
Set the night on fire if we want to
Hanging out with the stars and the big moon
Pull them down for a dance with your lasso
I think it'd be nice with you, with you (X4)
