

Leave Wit You (i Think I Wanna)

3lw

Lookin' familiar? I don't know
Have I seen you somewhere before?
Kill the small talk, let's hit the floor
Are you ready?
To do somethin' you ain't done before
I work it 'til you can't take no more
I think I'm the girl you came here for
If you can get me
I like it, what you doin', how you movin'
So keep it comin', boy, put it on me
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
If you can get me
Lookin' at me like you want more
So after the party let's explore
An' turn off the lights an' lock da door
Then we're ready
But we ain't leavin' here 'til round 4
We freakin' each other 'til we sore
I think I'm the girl you came here for
If you can get me
I like it, what you doin', how you movin'
So keep it comin', boy, put it on me
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
If you can get me
Ayo, holla, say you wanna leave wit me? C'mon, folla
'Coz I'm about to grab da keys, but don't botha

If you small an' you don't know how
I roll wit big dogs, got 'em barkin' loud now

I used to be nice but I'ma keep it foul now
Flossin' this ice an' boy, it's goin' down now
Gotcha on ya knees like, ?Girl, come back?
Gotcha on my skeez 'coz a girl can mack
Gotcha for all my ladies from the front to the back
From N.Y to L.A., we don't know how to act
An' then back to D.C. where they say my name louder
I know you hate them boys at a show, they askin' how to
See more of us an' be more, wit us
A couple of the topics that we won't discuss
But if you leave wit me, it would make a girl hate me though
Just like the So So cats on da radio, you know
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
If you can get me
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
If you can get me
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
I think I wanna leave wit you
Do you wanna leave wit me?
Tell me what you wanna do, boy?
If you can get me
