

Daydream

ã,çã,-ãf•ãf¹/₄ãf%o

My daydream seems as one inside of you
Though it seems hard to reach through this life

 Your blue and hopeless life

My daydream screams bitter 'til the end
The love I share, true, selfish to the heart

 My heart, my sacred heart

 My daydream dream

 My daydream

 My daydream dream

My daydream

I'm going crazy

I'm going crazy

I don't want feelings

 Your feelings

 I have gone crazy

Motherfuckin' crazy

 I have gone
