

On My Father's Wings

The Corrs

If you were with me now
I'd find myself in you
If you were with me now
Your the only one who knew
All the things we planned to do I want to live my life
The way you said I would
With courage as my light
Fighting for what's right
Like you made me believe I could And I will fly on my father's wings
To places I have never been
There is so much I've never seen
And I can feel his heartbeat still
And I will do great things
On my father's wings This world I'll never see
My dreams that just won't be
This horse's stride
With one days ride
Will have covered more
Distance than me But I will fly on my father's wings
To places I have never been
There is so much I've never seen
And I can feel his heartbeat still
And I will do great things
On my father's wings Someday with his spirit to guide me
And his memory beside me
I will be free to Fly on my father's wings
To places I have never been
There is so much I've never seen
And I can feel his heartbeat still
And I will do great things
On my father's wings
On my father's wings
