

# A Love like You

Luke Mbang

## A LOVE LIKE YOU

### CHORUS

Love so true so pure  
there will never be a friend  
there will never be a love  
Love so true so pure  
there will never be a friend  
there will never be a love  
Like you

How far can I come into your love  
I have come from far away  
from heart breaks and torture and so much pain  
I just want to be with you  
I just want to rest in you

### CHORUS

Love so true so pure  
there will never be a friend  
there will never be a love  
Love so true so pure  
there will never be a friend  
there will never be a love  
Like you

Could I ever rest away from you  
Love so deep and so profound  
so tender yet mighty gentle and strong  
I just want to be with you  
I just want to rest in you

### BRIDGE

You're all that I want all that I need  
My heart is yours all for life

You're were I am you're were I belong

**CHORUS**

Love so true so pure  
there will never be a friend  
there will never be a love  
Love so true so pure  
there will never be a friend  
there will never be a love  
Like you
