

Novacane (Edited Version)

Frank Ocean

I think I started somethin', I got what I wanted
Did didn't I can't feel nothin', superhuman
Even when I'm fuckin' Viagra poppin', every single record autotunin'
Zero emotion, muted emotion, pitch corrected, computed emotion
I blame it on the model broad with the Hollywood smile
Stripper booty and a rack like wow, Brain like Berkeley
Met her at Coachella, I went to see Jigga, she went to see Z Trip, perfect
I took a seat on the ice cold lawn, she handed me a ice blue bong, whatever
She said she wanna be a dentist really badly, she's in school payin'
For tuition doin' porn in the Valley, at least you workin'
But girl I can't feel my face, what are we smokin' anyway
She said don't let the high go to waste, but can you taste a little taste of

Novocaine, baby, baby, Novocaine, baby, I want you
Fuck me good, fuck me long, fuck me numb
Love me now, when I'm gone, love me none
Love me none, love me none, numb, numb, numb, numb

Sink full of dishes pacin' in the kitchen, cocaine for breakfast, yikes
Bed full of women, flip on a tripod, little red light on shootin', I'm feelin' like
Stanley Kubrick, this is some visionary shit
Been tryna film pleasure with my eyes wide shut but it keeps on movin'
I blame it on the model broad with the Hollywood smile
Stripper booty with the rack like wow, I'll never forget ya
You put me on a feelin' I never had, never had, never had
And ever since I've been tryna get it back, pick it up and put it back
Now I'm somethin' like the chemist on campus
But there's no drug around, quite like what I found in you
I still can't feel my face, what am I smokin' anyway
She said don't let the high go to waste but can you taste a little taste of

Novocaine, baby, baby, Novocaine, baby, I want you
Fuck me good, fuck me long, fuck me numb
Love me now, when I'm gone, love me none
Love me none, love me none, numb, numb, numb, numb

Novocaine for the pain

Pretty girls involved with me
Makin' pretty love to me pretty, pity pity

All the pretty girls involved with me
Makin' pretty love to me pretty, pity pity

I can't feel a thing
I can't feel her
Novocaine for the pain
