You

Freda Payne

You, you took away my tears then it started
You, I always wanted but never thought that I'd find you
You gave me back a lovin' I needed, and I love you
Never thought you'd hear me say itTake my life, it's been such a complicated life
No, I'm not the only one to feel this way, the way I do today
I've searched for so long for something to believe inAnd I believe in you, you took away my tears then it started
You, you, you, always wanted, I never thought that I'd find you
You gave me back the love I needed
And I love you, yeah, you never thought you'd hear me say itBut that's okay, I guess it had to be that way
The words don't say much anyhow, no
But a love that's true, then the truth can see us through
I've waited so long, it's easy now to seeHow I believe in you, you took away my tears then it started
You, you, I always wanted, I never thought that I'd find you
You gave me back the love I needed, and I love you, yeah
Never thought you'd hear me say itYou, you took away my tears then it started
You, you, you, you, you I always wanted, I never thought that I'd find you
You gave me back the love I needed
And I love you, you never thought you'd hear me say itGod bless you, you took away my tears then it started
You, you, you
