

Carolyna (Boogieman Club Mix Extended Version)

Melanie C

Just another girl with a dream in her heart
Wanna make a new start with a fire inside of her
She had to goShe couldnt stay around, everybody let her down
Stole the light and the life and the child inside of her
Shes so aloneRunning for the train
Take her far away from everything she knows
And the way they make her feel, she leaves todayNever look back never lose track already strong
Shes seen too much at 17
The past will fade with the future that she cravesCarolyna, you travel so far
Trying to escape the pain, start again where you are
Carolyna, you keep following your star
Nobody said youre beautiful, youre beautiful the way you areFinally youre free, where you long to be
But it wont take long till hits reality
The streets are coldBig bad city gonna eat you up
Hard to survive, hard to keep your sanity still feeling low
But shes never going homeCarolyna, you travel so far
Trying to escape the pain, start again where you are
Carolyna, you keep following your star
Nobody said youre beautiful, youre beautiful the way you are
Beautiful, beautiful, you're beautiful, beautiful
Beautiful, beautiful, you're beautiful, beautifulShe tries to rest
All she needs is a warm caress
All she wants is happinessCarolyna, you travel so far
Trying to escape the pain, start again where you are
Carolyna, you keep following your star
Nobody said youre beautiful
Youre beautiful the way you areCarolyna, you travel so far
Trying to escape the pain, start again where you are
Carolyna, you keep following your star
Nobody said youre beautiful, youre beautiful the way you are
