

# Back In Our Minds

## Funkadelic

We are back in our minds, again  
We are back in our minds, again  
We are back in our minds, againWe don't fight no more  
We don't close that door  
This time for sure  
We can't stand no moreFussin' and a-cussin' each other  
Souls to your brother  
Livin' in this world we all live inWe are back in our minds, again  
We are back in our minds, again  
We are back in our minds, againWe don't fight no more  
We don't close that door  
This time for sure  
We can't stand no moreFussin' and a-cussin' each other  
Souls to your brother  
Livin' in this world we all live inBack in our minds again
