

Infinite Sun

Kula Shaker

We are one in the infinite sun, fly like an eagle
We are one in the infinite sun, fly like an eagleShe changes everything she touches,
and everything she touches changesShe changes everything she touches,
and everything she touches changes
and everything she touches changes
and everything she touches changesCha-cha-changes
We're gonna be a menace in the will
We're gonna find that things that thrills
Out of the darkness, beyond the voidWe are one in the infinite sun, fly like an eagle
We are one in the infinite sun, fly like an eagleCha-cha-changes everything she touches
and everything she touches changesCha-cha-changes everything she touches
and everything she touches changes
and everything she touches changesIt's hard a way to say her name
everything she touches cha-cha-changesIt's hard a way to say her name
everything she touches cha-cha-changesCha-cha-changesCha-cha-changes
We are one in the infinite sun, fly like an eagle
We are one in the infinite sun, fly like an eagle
We are one in the infinite sun, fly like an eagleeverything she touches cha-cha-changes
everything she touches cha-cha-changes
