Christmas Morning

Luckless

Colored lights upon the tree
Rocking horse and snow fairy
Gathered round the fire at night
Carols sung by candlelight
Watch the snowflakes touch the ground
Falling softly on the town
Frosted windows in the morn
Woolly jumpers newly worn
Friends and family pass around
Presents brought from out of town
Listen to the joyful sounds of morning
Trinkets hang upon the tree
Candy canes so sugary
Waiting for the house to wake at dawning
Tinsel hung from wall to wall
Mistletoe upon the door
Mugs of cocoa steaming hot
Eggnog ladled from the pot
Friends and family pass around
Presents brought from out of town
Listen to the joyful sounds of morning
Trinkets hang upon the tree
Candy canes so sugary
Waiting for the house to wake at dawning
Friends and family pass around
Presents brought from out of town
Listen to the joyful sounds of morning
Trinkets hang upon the tree
Candy canes so sugary
Waiting for the house to wake at dawning
