

# Be With You

## Rose Cora Perry

Close your eyes  
Don't let this dream end  
Close your mind  
Nothing can touch us here

I don't wanna  
I try not to realize this is not true  
I can't let it  
I wanna feel this -- what it's like to be with you

Why can't you see  
how great this would be?  
Why don't you see  
how happy we could be?

I (You) love you  
I'll (You'll) miss you  
I (You) want to be with you  
I (You) need to  
I feel you  
You feel the same for me

You don't wanna  
You try not to realize this is true  
You won't let it but you feel it  
You wanna be with me too

We tried to hide it  
Deep inside us  
We realized it was true  
Cause we let it  
And we felt it  
You wanna be with me too
