The Strong Prevail

Lazarus A.D.

Fight for what you want
Fight for what you don't
Fight for the right to speak
And make decisions on your ownFight for your flag
The right to raise it high
Fight to be what you wanna be
Till the day that you dieTo the brittle and frail
In this world only the strong prevail
You chose heads instead you got tails
As long as you fight you'll never fail
Only the strong prevailLet the criticism roll down your back
Let the dirty looks and evil words
Fuel your will to crack
Army of one you ready to roll
They can take your body and your heart
But they'll never take your soulTo the brittle and frail
In this world only the strong prevail
You chose heads instead you got tails
As long as you fight you'll never fail
Only the strong prevailA dept to pay and inconceivable useless fuck
And I don't know what could end this stroke of luck
Emptiness takes over me and endless conspiracy
And I wont know the truth behind this fallacyTo the brittle and frail
In this world only the strong prevail
You chose heads instead you got tails
As long as you fight you'll never fail
Only the strong prevail
