Said You Was an Angel

Steel Pulse

Said you was an angel
You put my life in danger
You treat me like a stranger
You know how much I need youSaid you was an angel, yes, you did
You put my life in danger
You treat me like a stranger
You know how much I need youYou want a man to leave you alone
You're tired of me hanging around
A victim of you breaking bones
And you hit me with your heart of stoneBrutal, crucial, brutal
And I think you're crucialI love and I need you
Tried my best, just to please you
I love and I need you
Tried my best to please youSaid you was an angel
You put my life in danger
You treat me like a stranger
You know how much I need youSaid you was an angel
You put my life in danger
You treat me like a stranger
You know how much I need youOh baby, you are hot property
You get your kicks from torturing me
For loving you means I'm guilty
You lock me up and throw away the keyBrutal, crucial, brutal
And I think you crucialYou can't get me
You want my love
You can't get me
I, I, II thought we were playmates
Like the drum and the bass
I thought we were playmatesSaid you was an angel
Said you was an angel
Said you was a
Said you was aSaid you was an angel
You put my life in danger
You treat me like a stranger
You know how much I need youSaid you was an angel
You put my life in danger
You treat me like a stranger
You know how much I need youGive this love just one more try
Bud don't do it if you have to live a lie

'Cause I'm not a money buy, love me, guy
My love is for real and that's no lieI love and I need
And I tried all my best just to please you
I love and I need
And I tried all my best just to please youI love and I need
And I tried all my best just to please you
I love and I need
And I tried all my best just to please you
