

Alone This Holiday (ft. Kelly Osbourne)

The Used

Maybe light a candle
Don't say a prayer for me
Feel alone
'cause I'm gone
I left you
Make Christmas your own You throw the thought of us away
You'll be alone this holiday Said, It's cold in this town
And there's snow on the ground
Far from home
Not alone
I left you with nothing
And that's what you own You throw the thought of us away
You'll be alone this holiday Maybe light a candle
Don't say a prayer for me
Feel alone
'cause I'm gone
I left you the best time
Make Christmas your own You throw the thought of us away
You'll be alone this holiday
